

## Based on REVV G3

- **Feels Great** – Constant revisions ensured the attack & bloom of notes is inspiring to play, like your favorite amp.
- **Mix Ready** – Smart filtering keeps lows tight & highs present with no mud or ice.
- **Versatile** – Fat & warm or tight & bright. Heavy amp-like saturation or light overdrive.
- **Integrates Into Any Rig** – “Distortion channel” in front of a clean amp, another flavor of gain with a multi-channel amp, easy traveling, great studio tool, works great with analog & digital gear.
- **Modern Features** – Single-space enclosure, standard 9v power, top-mounted jacks
